Recommended for courses in world regional geography, human geography, introduction to geography, and physical geography. GeoTutor builds on the strengths of the text, "Building Geographic Literacy" by Charles A. Stansfield, Jr., and augments these strengths by using digital media to make the approach truly interactive. Further, GeoTutor emphasizes geographic concepts that students can use to increase their understanding of topics not specifically covered in the tutorials. The CD is augmented by a dedicated web site that provides constant updates to the materials on the CD.
